Hawthorn Logistics: *The Strongest Link in Your Supply Chain*

About Us.

When Martin and Terry established Hawthorn Logistics in 2007 their vision was to create a company that was all about service to their clients. In the intervening 17 years that vision has become a reality.

Recognised throughout the industry as a top class provider, the company has grown and developed to meet the ever changing needs of the Supply Chain World. Irrespective of the challenges presented, the team has evolved to meet and exceed the needs of their clients.

Working from their 30,000 square foot facility, they have built an extremely strong and robust business that continues to delight their clients. With unrivalled expertise in talent and experience across most industries, including, Life Sciences, Technology, FMCG, Retail, Aviation plus many others, Hawthorn Logistics can provide all solutions needed.

The Ethos of the company from day 1 has been to work with the client to arrive at the solution that the customer needs. To this day, they reject the "One Size fits all" offerings of the bigger boys in the industry. This philosophy has been welcomed and appreciated by hundreds of clients since 2007.

- 30,000 square feet
- 13 metre high racked narrow aisle
- Fully Fenced perimeter
- Fully covered in/out CCTV
- Full devanning/repallet offering
- Full pick / pack service
- Storage
- Irish Aviation Security Approved
- AEO Certified
- Maintained to ISO standard

Hawthorn Logistics: *The Strongest Link in Your Supply Chain*

At a glance.....

In the last several years many of our staff have won the prestigious Young Freight Forwarder of the Year Award in Ireland with one winning the Global title as well.

Hawthorn Logistics management has more than 150 years of experience between them....

Hawthorn Logistics has been consistently recognised in the industry and has been nominated many times (and won) for a plethora of awards.

In its short time (Established in 2007) in existence Hawthorn Logistics has moved more than 400,000 shipments from and to almost every corner of the globe.

Hawthorn Logistics has achieved Certified Haulier status in Ireland, is a member of IIFA, a member of the IEA, an accredited agent with IATA, has achieved AEO and its Ballycoolin facility in Dublin works to ISO 13485 standards for Medical Devices along with GDP trained staff providing expertise in the Pharma world.

We continue to seek excellence in everything we do.
